

URGENT ALERT

Federal Recall of Fuel Gel

The Federal Consumer Product Safety Commission (CPSC) has recalled Napa Home & Garden's Pourable Fuel Gel.

Fuel gel is extremely dangerous and poses fire and burn risks to consumers.

Fuel gel can ignite unexpectedly and splatter onto people and objects nearby when it is poured into a firepot that is still burning. This hazard can occur if the consumer does not see the flame or is not aware that the firepot is still ignited.
