

Foundation to Provide Sexual Assault Patient Care in the Emergency Room Training

The Illinois Attorney General's Office is pleased to offer a webinar training via WebEx on sexual assault patient care designed to improve the response to sexual assault patients.

The **Foundation to Provide Sexual Assault Patient Care in the Emergency Room** training is for law enforcement, advocates, first responders, nurses, advance practice providers and physicians who would like to learn best practice guidelines for the medical forensic approach to the care of sexual assault patients. In addition, the training will assist medical professionals in determining if they would like to pursue becoming a Sexual Assault Nurse Examiner (SANE) or Sexual Assault Forensic Examiner (SAFE).

The Illinois Attorney General's Office reserves the right to select participants for the training based upon specific selection criteria. To maximize the number of agencies and geographical areas represented at the training, the Illinois Attorney General's Office may limit the number of attendees that an agency or geographical area may send. Written communication detailing acceptance or non-acceptance will be sent via post or email to all applicants.

To apply to attend this free training, please complete this application and return it via email to:
sane@ilag.gov

Webinar on Monday, July 10, 2023
9:00 a.m. – 3:00 p.m.
