- Purpose of FOIA:
  - “The General Assembly hereby declares that it is the public policy of the State of Illinois that access by all persons to public records promotes the transparency and accountability of public bodies at all levels of government. It is a **fundamental obligation of government** to operate openly and provide public records as expeditiously and efficiently as possible in compliance with this Act.” (Emphasis added.) 5 ILCS 140/1

# FOIA Posting Requirements

## **\*2025 Amendment\***

Each public body shall prominently display on its website:

- Brief description of itself, including summary of purpose, block diagram of its organization, total operating budget, location of offices, number of employees, and identification of advisory or governing body members;
- Brief description of methods whereby the public may submit FOIA requests, a directory designating the FOIA officer, the address where FOIA requests should be directed, and fees allowable.

*If a public body does not maintain a website, it shall also post this information at each of its administrative or regional offices.*

**5 ILCS 140/4(a), (b)**

# List of Records

“[E]ach public body shall maintain and make available for inspection and copying a reasonably current list of all types or categories of records under its control. The list shall be reasonably detailed in order to aid persons in obtaining access to public records pursuant to this Act.”

**5 ILCS 140/5**

# Presumption of Openness

“All records in the custody or possession of a public body are **presumed to be open** to inspection or copying. Any public body that asserts that a record is exempt from disclosure has the burden of proving by *clear and convincing evidence* that it is exempt.”

5 ILCS 140/1.2

Generally, under FOIA, "**clear and convincing**" evidence requires the public body to "provide a *detailed* justification for its claim of exemption, addressing the requested documents specifically and in a manner allowing for adequate adversary testing." (Emphasis in original.)

*Illinois Educ. Ass'n v. Illinois State Bd. of Educ.*, 204 Ill. 2d 456, 464 (2003).

# Definition of “Public Records” under FOIA

The definition of “public records” includes:

“[A]ll \* \* \* documentary materials *pertaining to the transaction of public business*, regardless of physical form or characteristics, having been prepared by or for, or having been or being used by, received by, in the possession of, possessed or under the control of any public body.”

## 5 ILCS 140/2(c)

### \*2025 Amendment\*

- “Junk mail” is not a public record
  - **Sections 2(c) and 2(j)**: Modifies the definition of “public records” to exclude “junk mail” and defines “junk mail.”

# What is a Public Record?

## E-mails and Texts

- Electronic correspondence is subject to FOIA if it ***pertains to the transaction of public business.***
- Even if sent on personal devices (texts on cell phones paid for by employee or Mayor/President) or to/from personal email accounts.

*Better Government Ass'n v. City of Chicago, 2020 IL App (1st) 190038*

# What is a Public Record?

A public record must *pertain to the transaction of public business*. Therefore, any communications relating to strictly personal matters are not “public records” subject to disclosure under FOIA, regardless of how or where they are maintained.

*Content controls, not the medium.*

# Explanations, Questions, Requests for General Information

- FOIA is not intended to compel public bodies to interpret or advise requesters as to the meaning or significance of the public records.

## 5 ILCS 140/3.3

- A public body is not required to answer questions or generate new records in response to a FOIA request.

*Kenyon v. Garrels*, 184 Ill. App. 3d 28 (4th Dist. 1989)

# Requests Seeking Data Reports/Spreadsheets

- FOIA does not require a public body to create records in order to respond to a FOIA request; rather a public body is required to make records within its possession or control available for inspection and copying.

*Workmann v. Illinois State Bd. of Educ.*, 229 Ill. App. 3d 459, 464 (2d Dist. 1992).

- FOIA does not compel the compilation of data a public body does not ordinarily keep.

*Martinez v. Cook County State's Attorney's Office*, 2018 IL App (1st) 163153 ¶ 25.

# Requests Seeking Data Reports/Spreadsheets

However, compiling and re-organizing information that a public body maintains in the ordinary course of business is **not** creating a new record.

*Hites v. Waubonsee Community College*, 2016 IL App (2d) 150836 (2016); *Hamer v. Lentz*, 132 Ill. 2d 49, 57 (1989)

- Data in college's databases are "public records" under FOIA.
- A request for an entire database is simply a request for all the data.
- Request for report of data from database (zip codes of students in particular classes) does not require creation of new records.

# Searching for Records

- A public body is required to conduct a “reasonable search” for records responsive to a FOIA request.
- Must “search those places that are reasonably likely to contain responsive records.”
- With respect to locating e-mails or texts on personal devices or e-mails in personal accounts, the public body may be able to fulfill its obligations under FOIA by asking personnel to search their e-mail accounts in good faith.

*Better Gov't Assn. v. City of Chicago, 2020 IL App (1st) 190038 (2020)*

# Record Held by Agent

A public record that is not in the possession of a public body but is in the possession of a party with whom the agency has contracted *to perform a governmental function* on behalf of the public body, and that *directly relates to the governmental function* and is *not otherwise exempt* under this Act, shall be considered a public record of the public body, for purposes of this Act.

5 ILCS 140/7(2)

*Rushton v. Department of Corrections, 2019 IL 124552*

# Settlement and Severance Agreements

“All settlement and severance agreements entered into by or on behalf of a public body are public records subject to inspection and copying by the public, provided that information exempt from disclosure under Section 7 of this Act may be redacted.”

➔ Presence of confidentiality clause does not supersede FOIA

5 ILCS 140/2.20

# Receiving and Responding to FOIA Requests

# Form of FOIA Requests

- In writing, directed to the public body.
  - **Check your spam filters:** If a FOIA request that is sent to a designated FOIA e-mail address is caught by a spam filter, it is still **received** by the public body at that time, rather than when the public body realizes the request has gone to junk mail.
  - *Balzer v. Northeast Illinois Commuter Railroad Corporation [Metra], 2026 IL App (1st) 232227.*
- Oral requests **may** be honored.
- Standard form/portal **may not** be required.
- Public body **may not require** requester to specify a purpose, *except* to determine whether the request is for a commercial purpose.
- Forward immediately to FOIA officer!

5 ILCS 140/3(c)

# Form of FOIA Requests *con't*

## \*2025 Amendments\*

- Form of Electronic FOIA requests
  - **Section 3(c)**: Electronic requests must appear in their entirety within the body of the electronic submission.
  - Within 5 business days of receipt you must notify the requester of the requirement that the entirety of an electronic request appear within the body of the electronic submission.
  - Public body is not required to further respond or deny the initial request if the requester does not re-submit
- Requests must be submitted by “a person”
  - New **section 3(j)**: “Within 5 business days after its receipt of the request, a public body that has a **reasonable belief** that a request was not submitted by a person may require the requester to verify orally or in writing that the requester is a person.”
  - Deadline to respond to the request is tolled until the requester verifies they are a person.
  - May deny the request if they have not done so in 30 days.
  - Importantly, subsection (j) also provides that public bodies **may not require the requester to submit personal, private, or identifying information** (such as a photo ID) for purposes of this subsection.

# Time for Responding

A public body must generally respond to a FOIA request within 5 business days **after** receipt of a written request.

- The time for response may be extended **by the public body** for an additional 5 business days for one of seven reasons specified in the Act.
- The parties may also agree *in writing* to an extended time for compliance.

5 ILCS 140/3(d),(e)

→ Note: A request emailed/submitted on a Sunday is “received” on Monday; business day one **after** receipt is Tuesday.

# Failure to Respond

Failure to respond to a request within the time permitted is treated as a ***denial*** of the request.

- A public body that fails to respond to a request within the time permitted, but then provides copies of the requested public records ***may not impose a fee*** for those copies.
- A public body that fails to respond to a request received ***may not treat the request as unduly burdensome*** under section 3(g).

5 ILCS 140/3(d)

# FOIA Response

A FOIA request may be granted, denied, or granted in part and denied in part. *If denying* a request for public records the public body shall *notify the requester in writing of:*

1. The decision to deny the request,
2. The *reasons* for the denial, including a detailed factual basis for the application of any exemption claimed, and
3. The names and titles or positions of each person responsible for the denial.

# FOIA Response, *cont.*

In addition, each notice of denial by a public body shall:

1. Inform the requester of his or her right to seek review by the Public Access Counselor,
2. Provide the address and phone number of the Public Access Counselor:

500 S. Second Street, Springfield, IL 62701

877-299-3642

3. Inform the requester of his right to judicial review under section 11 of FOIA.

5 ILCS 140/9(a)

# Copying Fees

- No fees may be charged for the first 50 pages of black and white, letter or legal sized copies. **5 ILCS 140/6(b)**
- The fee for black and white, letter or legal sized copies may not exceed ***15 cents per page***. **5 ILCS 140/6(b)**
- If a public body provides copies in color or in a size other than letter or legal, the public body may charge its actual cost for reproducing the records. **5 ILCS 140/6(b)**
- When other copy fees are authorized by statute, a public body may charge those fees instead of the section 6(b) fee.

# Requests/Fees for Electronic Copies

- A public body must produce *records that are maintained in an electronic format* in the electronic format specified by the requester, if feasible.
- If not feasible, must disclose in the electronic format in which the records are maintained or in paper, at the option of the requester. **5 ILCS 140/6(a)**
- A public body may only charge the requester for the actual cost of purchasing the recording medium, whether disc, diskette, tape, or other medium. **5 ILCS 140/6(a)**
- Statutory fees applicable to copies of public records when furnished in a paper format **shall not** be applicable to those records when furnished in an electronic format, unless the General Assembly expressly provides. **5 ILCS 140/6(a)**

# Records Maintained Online

A public body is not required to copy a public record that is published on the public body's website.

- Public body must *notify* the requester that the public record is available online and *direct* the requester to the part of the website where the record can be accessed.
- Persons unable to reasonably access the record online may *re-submit the request*, public body must then respond as provided in section 3.

5 ILCS 140/8.5

# Unduly Burdensome Requests

Section 3(g) permits a public body to deny a request if the burden of compliance on public body outweighs public interest in the information.

- Before invoking this section, public bodies must extend to requester an opportunity to *confer with it to reduce the request to manageable proportions.*

5 ILCS 140/3(g)

# Unduly Burdensome Requests

- Illinois Attorney General Public Access Opinion No. 21-001 (issued January 26, 2021) addresses the public body's duty to confer with a requester under section 3(g).
- Illinois Attorney General Public Access Opinion No. 23-007 (issued May 26, 2023) addresses requests for emails seeking key words or about a specific topic, and whether a request is *per se* unduly burdensome if the requester ***does not identify the employees/officials whose may have responsive email***. Here the public body was found to have violated FOIA because the public body was in the best position to perform a search for responsive records.

# Unduly Burdensome Requests

## (additional examples)

- ... **manually** locating and compiling large numbers of records from **93 separate facilities** or systems over a **23-year time span**.
- ... compiling all records, including financial records, school policies, and correspondence for a **12-year period**.
- ... only **two employees** to gather, review, and redact **thousands** of records from several sources over a **six-year span**.

# Exemptions to Disclosure

# Exemptions

Exemptions allow public bodies to maintain certain types of sensitive public records or information confidentially. FOIA provides a number of exceptions to the requirement that public records are available for public inspection.

- FOIA Exemptions are listed in **section 7 and section 7.5** (5 ILCS 140/7 and 5 ILCS 140/7.5)

# FOIA – Section 7(1)

When a record contains information that is exempt under section 7 or 7.5, but also contains information that is not exempt, the public body **may elect** to redact exempt information; remaining information shall be made available for inspection and copying. **5 ILCS 140/7(1)**.

The exemptions to disclosure under FOIA are to be *narrowly* construed.

*Lieber v. Board of Trustees of Southern Illinois University*, 176 Ill. 2d 401, 408 (1997).

# Section 7(1)(a) – Information Exempt Under Other Laws

Exempts from disclosure:

“Information specifically prohibited from disclosure by federal or State law or rules and regulations implementing federal or State law.”

## 5 ILCS 140/7(1)(a)

Section 7(1)(a) applies only when a law or rule implementing a law *specifically* prohibits the public body from releasing the information in question. *Better Government Ass’n v. Blagojevich*, 386 Ill. App. 3d 808, 814 (4th Dist. 2008).

## Section 7(1)(b) – Private Information

- Allows withholding of *private information*, unless required by another provision of FOIA, a State or federal law or a court order.

- Medical Records, including electronic medical records

**5 ILCS 140/2(c-5)**

# Section 7(1)(c) – Personal Privacy

Exempts “[p]ersonal information contained within public records, the disclosure of which would constitute a *clearly unwarranted invasion of personal privacy*, unless the disclosure is consented to in writing by the individual subjects of the information.”

“Unwarranted invasion of personal privacy means the disclosure of information that is—

- Highly personal or objectionable to a reasonable person, and in which the
- Subject's right to privacy outweighs any legitimate public interest in obtaining the information.”

## Section 7(1)(c) – Personal Privacy, con't

“The disclosure of information that *bears on the public duties of public employees and officials shall not* be considered an invasion of personal privacy.”

# Section 7(1)(c) – Personal Privacy

Exempt personal information:

- Dates of birth
- Race
- Family information about employees (i.e., emergency contacts)
- Specific medical information (i.e. descriptions of specific injuries, illnesses, and treatments)
- Information related to unsuccessful candidates for employment

# Section 7(1)(c) – Personal Privacy

## Not exempt from disclosure:

- Complaints filed against public employees (name of employee/facts of complaint)
  - **Even when complaint is determined to be unfounded**
- Salaries/expense reimbursements
- Used paid time off/balances (detailed descriptions of how the employee is using the time off, or why the employee is taking the time off, can usually be redacted)

## 7(1)(c) Example: Requests for Employee Personnel Files

**Exempt personal information:** dates of birth, race, family information about employees (i.e., emergency contacts), specific medical information unrelated to on-the-job injuries (i.e. descriptions of specific injuries, illnesses, and treatments), information related to unsuccessful candidates for employment

**Not exempt from disclosure:** Salaries/expense reimbursements, complaints filed against public employees (name of employee/facts of complaint)

➤ **Even when complaint is determined to be unfounded**

# Section 7.5(q) – Personnel Record Review Act

## 820 ILCS 40

- **Section 11:** Permits withholding of routine performance evaluations.
- **Section 8:** Permits withholding of “disciplinary reports, letters of reprimand, or other records of disciplinary action which are more than 4 years old.”
- **Section 7:** Requires written notice (first class mail) to employee when divulging a disciplinary report, letter of reprimand, or other disciplinary action to a third party, with some exceptions.

## Section 7(1)(n) – Adjudication of Discipline/Grievance

- Allows a public body to withhold “records relating to a public body's adjudication of employee grievances or disciplinary cases; however, this exemption shall not extend to the final outcome of cases in which discipline is imposed.”
- Investigative records (police reports, citations, etc.) that do not relate to an actual adjudication are not exempt.

*Peoria Journal Star v. City of Peoria*, 2016 IL App (3d) 140838, 52 N.E.3d 711 (2016) (police department improperly withheld report of investigation of grievance that was created before any adjudication).

## Section 7(1)(f) – Deliberative Process

- Allows withholding of “records in which opinions are expressed, or policies or actions are formulated”

# Section 7(1)(m) – Privileged Information

## Section 7(1)(h) – Proposals/Bids

- Allows withholding of “proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, *until an award or final selection is made*. Information prepared by or for the body in preparing of a bid solicitation shall be exempt until an award or final selection is made.”
- ➔ By its own terms, this applicability of this exemption expires once “an award or final selection is made.”

# Law Enforcement Records
