

*The following Revised Comprehensive Guidelines reflect an evidence-based, trauma-informed, victim-centered approach to responding to and investigating sexual assault and sexual abuse, including responding to victims who are under 13 years of age at the time the sexual assault or sexual abuse occurred. Under the Sexual Assault Incident Procedure Act, all Illinois law enforcement agencies must develop, adopt, and implement written policies regarding procedures for incidents of sexual assault or sexual abuse that are consistent with these Revised Comprehensive Guidelines by January 1, 2021.*

Pursuant to 725 ILCS 203/15(a), every law enforcement agency shall develop, adopt, and implement written policies regarding procedures for incidents of sexual assault or sexual abuse consistent with these guidelines by January 1, 2021.

## **PURPOSE AND SCOPE**

The trauma of sexual assault and sexual abuse often leads to significant emotional, physical, and economic consequences for the victim. The diminished ability of victims to recover from their sexual assault or sexual abuse has been directly linked to the response of others to their trauma. The response of law enforcement can directly impact a victim's ability to heal as well as his or her willingness to actively participate in the investigation by law enforcement.

Victim participation is critical to the successful identification and prosecution of sexual offenders, which can prevent new victimization. For this reason, improving the response of the criminal justice system to victims of sexual assault and sexual abuse is critical to protecting public safety.

## **I. POLICY**

Each law enforcement agency will:

1. Treat sexual assault and sexual abuse as criminal conduct.
2. Respond to calls for assistance without unnecessary delay.
3. Take all reasonable steps to prevent further retraumatization of sexual assault victims and to ensure referrals for follow-up services are provided to victims and witnesses.

# MANDATORY NOTICE FOR SURVIVORS OF SEXUAL ASSAULT\*

## MEDICAL AND FORENSIC SERVICES

---

Survivors of sexual assault should seek medical attention as soon as possible. You may request transportation to the hospital.

### Services Available

If you request medical forensic services, the hospital must offer a general medical exam, treat injuries, evaluate the need for medications, and collect forensic evidence. Upon request, a hospital must perform a forensic exam and complete an evidence kit for a minimum of 7 days after the assault regardless of your age.

**Any evidence collected during the medical forensic exam will not be used to prosecute you for any offense related to the use of alcohol, cannabis, or a controlled substance.**

### Evidence Preservation

You may not be sure whether or not you want to participate in the criminal justice process right now, but it is important to know that critical evidence may be lost if you change clothes; bathe, shower or douche; use the restroom; eat; smoke; or brush teeth or gargle, depending on the nature of the attack.

The sooner the medical forensic exam is performed, the more evidence is available for collection.

### Storage of Evidence

If evidence is collected from you, but you are unsure about allowing law enforcement to test the evidence, the evidence will be stored for ten years or, if you are under the age of 18, until your 28<sup>th</sup> birthday. You can consent to test the evidence at any time during this period.

**You will NOT be billed for any services provided in the emergency room.** In addition, if you are eligible, the hospital will give you a voucher for 90 days of follow-up care.

The CNCO or OP can be obtained in civil court at a local courthouse. You will not pay a fee for requesting the order. While you can obtain a CNCO or OP on your own, it is best done with the assistance of an advocate or attorney. If the courthouse is closed but a judge is available, you may request that the officer provide or arrange transportation to the judge.

*You may be able to obtain sexual assault support services for free.
