Practice Social Distancing

Pursuant to Executive Order, your employer must comply to the greatest extent feasible with social distancing requirements. This means that your employer should:

- Make sure you can maintain at least 6-feet physical separation between yourself and others around you, including your co-workers and customers.
- Mark with signage or tape 6-foot spacing for employees and customers to maintain appropriate distance from one another.
- Provide face coverings to employees, especially when it is not possible to maintain at least 6 feet of space between you and another person.
- Provide handwashing stations with soap, clean water, and single use paper towels and encourage frequent handwashing for 20 seconds or longer.
- Provide hand sanitizer (with at least 60% alcohol) and sanitizing products for employees and customers.
- Regularly clean high-touch surfaces, including doorknobs, light switches, shared equipment, toilet handles, sink faucets, and clock in/out areas.

Do Not Work if You Are Sick

You should not report to work if you are experiencing symptoms of coronavirus disease (COVID-19), which include fever (100.4° F or higher) or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or running nose, nausea or vomiting, and diarrhea. If you are experiencing any of these symptoms, stay home and call your doctor.

If you have been a close contact to a COVID-19 case, you must self-quarantine at home for 14 days from the date of last exposure to the case.
